# Our Classroom Values

## **We Never Stop Improving**

We lend an ear to both praise and feedback to deliver our best work. This process is a journey and not a destination.

## **We Bring a Can-Do Attitude**

We confront challenges with enthusiasm and figure things out. We value effort, Commitment, learning, and an attitude toward growth.

## **We Only Succeed Together**

Teamwork is critical to our success, and we place a tremendous value on how we work together across the entire cohort.

## **We Respect the Rights, Differences, and Dignity of Others**

We want to create a learning space where people can bring their full selves. In order to do this we must all respect the diversity of our experiences and how it contributes to our learning.
